

YOUR BEST
DESERVES
THE BEST

NATIONAL ACCOUNTS

Let's make this work for everyone™

Welcome to

Strategic Comp's
National Accounts Division,
a department dedicated
to servicing your largest
(>\$1.5M in GC premium) and
most complex clients.

Strategic Comp's program is simple:

We combine personalized loss control solutions and coast-to-coast localized claims service with an aggregate deductible structure that allows insureds to profit from their results.

We recognize, however, that implementing this program in larger accounts with geographic spread brings a unique set of challenges. Our National Accounts Division has the expertise to handle these complexities and to provide an exceptional customer experience that is consistent across the country.

Priority Underwriting

National Accounts receive priority underwriting status, which means expedited review by the most senior officers in our underwriting department. The National Accounts underwriting team provides indications as needed and can offer different deductible options to help you find the best fit for your account.

Priority Account Management

National Accounts are managed by seasoned executives with a long and successful history of managing Strategic Comp's most complex accounts. Your account receives a customized loss control program, and our National Accounts Management team works closely with you and the account throughout the year to make sure the insured is achieving the expected results.

Nationally Coordinated, Localized Claims Service

National Accounts could have claims anywhere, but each claim is unique and deserves localized claims-handling. Strategic Comp has field adjusters across the country, each with low claims loads (average <60) and at least 15 years of claims-handling experience in their home states. Our All-Star team of adjusters brings creative solutions and early resolutions to our insureds' claims.

While localized expertise is essential for a large account, so too is national coordination. Our National Accounts Claims Coordinator can act as the sole point of contact for the insured, will help to create and manage special claims-handling instructions, and will coordinate the flow of information to and from our field-based claims teams.

Let's make this work for everyone™

Get started today!

Strategic Comp's National Accounts division is right for your accounts that pay more than \$1.5 million in GC premium and have a large geographic spread.
